

`read.spss()`

# R for

`boxplot()`

`save()`

# Researchers

## An Introduction

`lapply()`

`select()`

R

`table1()`

`summary()`

`table1()`

Learn R in a way that  
researchers can immediately use

`aov()`

`filter()`

`ggplot() +  
geom_bar()`

`group_by() %>%  
summarize()`
